Thank you for choosing an Xsample instrument!

Features

- three microphone positions:
  Cardioid – sE8
  Omni – Neumann KM 183
  Mid Side – Oktava MC12-01 – CAD E300S
- all stops and stop combinations recorded
- fully chromatically sampled
- real round robin
- real staccato action
- release sounds (rebounded quills)
- instrument sampled by a musician
  (no machine involved in the recording process)
- stereo and mono version (switchable in the instrument)
- Room Walker script for effects within a virtual two-dimensional space
- 61 IR Samples (room impulses)

Software requirements

- Full version of Native Instruments Kontakt (Version 6.6.1 or higher)
  With the free Kontakt Player version, the library can only be operated
  in demo mode for 15 minutes.

Patches

Instruments:

- Sassmann Cembalo – Cardioid.nki
